DETAILED ACTION

Election/Restrictions

1. Restriction to one of the following inventions is required under 35 U.S.C. 121:
 - I. Claims 1-9,17-21 drawn to a printed circuit board, classified in class 174, subclass 262.
 - II. Claims 10-16, drawn to a method of making a printed circuit board, classified in class 29, subclass 825.
2. The inventions are distinct, each from the other because of the following reasons:

Inventions II and I are related as process of making and product made.

The inventions are distinct if either or both of the following can be shown: (1) that the process as claimed can be used to make other and materially different product or (2) that the product as claimed can be made by another and materially different process (MPEP § 806.05(f)). In the instant case the product as claimed can be made by another and materially different process, such as by establishing a beneficial layout that will give the desired properties and having the desired dimensions for the specific application, and then manufacturing the structure accordingly, eliminating the steps of defining a beneficial portion and modifying the layout according to the beneficial portion.
3. Because these inventions are distinct for the reasons given above and have acquired a separate status in the art as shown by their different classification, restriction for examination purposes as indicated is proper.

4. Because these inventions are distinct for the reasons given above and the search required for Group II is not required for Group I, restriction for examination purposes as indicated is proper.
5. Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).
6. Any inquiry concerning this communication or earlier communications from the examiner should be directed to José H Alcalá whose telephone number is (703) 305-9844, and after 02/05/2004 the calls should be directed to (571) 272-1926. The examiner can normally be reached on Monday to Friday.
